THE 2025 CHRISTMAS COLLECTION

ADVENT CALENDAR, CHRISTMAS CHOCOLATES, SWEETS FOR
ST. NICK'S & KRAMPUS, WINTER SPECIALS AND NEW YEAR'S
BANGERS – ALL ORGANIC + FAIR + BEAN-TO-BAR

From our Christmas Workshop

Combining artisan craftsmanship and innovation can result in incredible chocolate. As bean-to-bar producers, we create each one of our chocolates from scratch. Only the best cocoa beans make it through the entire process from roasting to conching, to ensure excellent chocolate quality. All pralines and layers are homemade by us, and on top of that, we invent completely novel chocolate creations. The enormous selection of Christmas chocolates, vegan products and 6 Advent calendars with 24 different flavours are a wonderful representation of all the things you can make from chocolate. They bring variety, joy and a magical sense of surprise to the festive season. Unique flavours, supreme quality, a beautiful design and the organic and fair-trade business model and mindset make Zotter chocolates a very popular gift. Discover many new products and designs as well as a whole range of different wrappers and packaging, beautified with sparkly gold patterns.

Our Christmas range with English-language packaging

13 hand-scooped Christmas chocolates will make the festive season much sweeter with pralines, caramels, cinnamon apples, marzipan, nuts, candied almonds and more. 4 of them are entirely vegan, such as our new »A Wonderful Christmas Time« for which we've created a purely plant-based red-fruit filling.

A new addition to the range is »Magical Christmas« with a cheesecake filling, festively enhanced with gingerbread spices. 6 hand-scooped chocolates feature surprising new designs for Christmas, St. Nick's, Krampus and New Year's, and the popular hand-scooped »Eggnog« chocolate is now also available with an English-language wrapper.

The »Christmas Miracle« from the Squaring the Circle range, with a delicious sugar alternative, is resplendent in a new, festive design with gold effect.

Our Christmas range with German-language packaging

»For The Best Employees in the World«, we've got a new chocolate this year, and this time it's a vegan version filled with three praline layers. The Labooko range has got an all-new »Merry Christmas« chocolate featuring two different chocolate bars and a shiny gold effect. We're also proud to present new as well as classic hand-decorated Mi-Xing stars, hearts and minis. Each one is a handmade, unique piece of deliciousness. 6 Advent calendars will make your festive season oh so sweet. Our all-new non-alcoholic »Sweet Christmas« Advent calendar with 24 pure and filled chocolates and a fun snowman design will bring joy to big and small. Our drinking chocolate calendar will get you in a truly Christmassy mood with its novel design, and all the new flavours - »Pumpkin Spice« and »Oat Drink Orange« and a total of seventeen different drinking chocolates celebrate the world of flavour variety. All Advent calendars are sold in packs of 5 and, for a small surcharge, they're available individually. The Advent calendar mix featuring five different calendars (one each per shipping unit) is a great option for smaller retail stores. Our recommendation for this year's "Winter Special" is our new »Sweet Fruitsies« in chocolate – very fitting for the season.

Wishing you much joy selecting this year's Christmas offering.

Yours,

The Zotter family

100% ORGANIC + FAIR + BEAN-TO-BAR

Our entire business is Fair Trade verified. We are a member of WFTO – the World Fair Trade Organization, which is the umbrella organization for global fair trade. The WFTO monitors business compliance with the 10 principles of fair trade like transparency, respect for the environment, the payment of fair prices and no use of child labour among others. For more on this, go to www.zotter.at/fair-trade and www.wfto.com

100% BEAN-TO-BAR: Zotter chocolates are produced starting from the bean in our bean-to-bar chocolate factory.

All the ingredients for the chocolate come from ORGANIC cultivation. The number of the organic board of control serves as identifying information. ORGANIC control number: **AT-BIO-402**

WFTO - LABEL OF EXCELLENCE

The independent NGO "Südwind" has closely examined all the WFTO's current ecology, transparency and social effectiveness credentials and has designated it exemplary in terms of credibility and social issues. The World Fair Trade Organization (WFTO) is the international umbrella association for more than 400 fair trade organisations in around 70 countries. In Austria, members of the WFTO are **ARGE Weltläden**, **EZA** and **Zotter**. In contrast to the Fair Trade label, the WFTO label isn't purely a product certification but has instead been created to designate organisations whose core business is fair trade. As a member of the WFTO, we are delighted to have received the label's highest score. You can find the independent label check online by clicking here: <https://siegelcheck.suedwind.at>

THE PROTECTION OF THE ENVIRONMENT

is a very important aspect of our corporate philosophy.

Our environmental protection and our environmental measures are ISO 14001 and EMAS certified. EMAS-certified companies are recorded in a Europe-wide register and are regularly checked and monitored on a national level by environmental experts approved by the environment department.

You can find our environmental declaration in German online at www.zotter.at/umwelt

BIOGENIC PACKAGING & BIOPLASTICS

Around 90% of our packaging is biogenic and made from renewable raw materials.

We use certified paper from sustainable sources and environmentally friendly colours for all our packaging. For the most part, we use bioplastics, which consists of renewable raw materials, is biodegradable and even compostable, compliant with the EN 13432 standard.

DESIGN

Andreas H. Gratze (A-H-G), Zotter's art director has created our beautiful designs with pen and tons of humour since 1994. www.a-h-g.at

ORGANIC SOY LECITHIN

We use soy lecithin from controlled organic cultivation in white and milk chocolates. Soy lecithin is guaranteed non-GMO and environmentally friendly, as no part of the rain forest is destroyed for its cultivation. Our dark chocolate does not contain soy lecithin.

STORAGE ADVICE

We do not use any artificial stabilizers or preservatives. For this reason, our goods are more temperature sensitive than other high-quality chocolate products.

Ideally you should store Zotter chocolates in a cool and dry place where the temperature is between 16 °C and 18 °C.

You should not put the chocolates into a fridge. This way they would lose their substance because the humidity would let the sugar crystallise. If the temperature is too high, though, it will result in the emission of cocoa butter which will settle as a white film on the surface of the chocolate. The loss of the cocoa butter will dry out the chocolate – hence, the flavour of the chocolate will suffer.

A Cacao Safari

OUR DOUBLE-FEATURE: TANZANIA & UGANDA

We were so excited about our Africa trip and have shot so much footage, we've turned it into not one, but two films, both being shown in tandem at our Chocolate Theatre.

Check out the film's trailer and catch some of the joy and excitement for cacao.
